

infant resuscitation

Tom Thumb Infant Resuscitator

This easy to use, compact and robust infant resuscitator, has been designed to enable safe, controlled and fatigue-free resuscitation

- Compact and easy to use
- Complete control over PIP and PEEP
- Safe and consistent resuscitation
- Fatigue-free operation

The Tom Thumb Infant Resuscitator has been designed to replace manual ventilation by the bag and mask method, which can often become tiring and inconsistent. The resuscitation is carried out by using the T-piece occlusion method, thus providing complete control and increased safety over infant resuscitation.

The NeoPEEP neonatal resuscitation circuit, supplied with the Tom Thumb, incorporates a variable PEEP valve and facilitates the delivery of safe and consistent breathing patterns to neonates; by enabling the delivery of consistent PEEP to assist in maintaining functional residual capacity.

Tom Thumb Infant Resuscitator

TT480 Infant Resuscitator

Rear of Tom Thumb with rail clamp

Part Number
0310030

TT480 for connection to an existing flowmeter or air/oxygen blender

Includes:

Variable blow off valve

Fixed blow off valve (predefined, e.g. at 45 cm H₂O)

Integral medirail mounting clamp. Pole mounting clamp also available

NeoPEEP; variable PEEP neonatal resuscitation circuit (single patient use)

Single use silicone round facemask, size 1

Note: This version of the Tom Thumb has a 'Christmas Tree' inlet for the connection to an external flowmeter/blender via oxygen tubing

Accessories

NeoPEEP neonatal resuscitation circuit (single use) - 1 m, Box of 20	3210013
NeoPEEP neonatal resuscitation circuit (single use) - 1.5 m, Box of 20	3210023
Adapter: 15 mm I.D. - 15 mm I.D. - Reusable; for connecting the NeoPEEP to the Tom Thumb	Single Unit 0120140 Pack of 10 0120150 Pack of 50 0120152
Adapter: 15 mm I.D. - 15 mm I.D. - Disposable; for connecting the NeoPEEP to the Tom Thumb	Single Unit 0120141 Pack of 20 0120151 Box of 100 0120153
Single use silicone round facemask - size 0 - 40 mm (Height) x 27.4 mm (Inner Width) x 48.6 mm (Diameter) - Connector Diameter 15 mm O.D.	Single Unit 3210070 Pack of 20 3210073 Box of 100 3210076
Single use silicone round facemask - size 0.5 - 44.4 mm (Height) x 32 mm (Inner Width) x 54 mm (Diameter) - Connector Diameter 15 mm O.D.	Single Unit 3210067 Pack of 20 3210068 Box of 100 3210069
Single use silicone round facemask - size 1 - 47.9 mm (Height) x 40.5 mm (Inner Width) x 60 mm (Diameter) - Connector Diameter 15 mm O.D.	Single Unit 3210071 Pack of 20 3210074 Box of 100 3210077
Annual service - Tom Thumb Service and calibration of instrument to original specification. Includes all 'O' rings, additional parts are chargeable. Calibration certificate included.	0380000

Specification subject to change

Other products in our Infant Resuscitation range include: Infant Resuscitation Cabinet, Apgar Timer, Air/Oxygen Blenders

We also supply a range of equipment for use during phototherapy, infant warming and oxygen monitoring.
