Hi,

Can we please send out the following to Dr MediSpa clinic? For some reason the applicators didn't come with the Evo system. Also, some items are for the to initially try so are free.

570001-5	evo applicators
580001	biofill applicators
541030	suction tubing
5181125	3.8 biofill disposable cannula
653200	steel base

Can you please send out what ever is in stock and not wait until everything comes in.

Regard

Dan
