To whom it may concern!

With reference to the temperature probes type listed in Appendix A we herewith confirm that the products have been tested and approved according to the following standards:

- ISO 80601-2-56:2009
- IEC 60601-1:2005 (3rd Edition) + CORR. 1 (2006) + CORR. 2 (2007)
- IEC 60601-1-6:2010 3rd Edition) including IEC 62366
- IEC 60601-1-2:2014

The formerly and withdrawn applicable standard EN 12470-4 has been replaced by the product specific standard ISO 80601-2-56. Therefore, reports according to EN 12470-4 are no longer available.

Regarding the new applicable edition of the standard ISO 80601-2-56:2017 the existing product documentation is actually reviewed by a third party test lab. A new report with reference to this new standard will be issued within the next two months.
