Ref: 20181024/504

30 October 2018

Dear Mr Eisinger,

Calibration Check: VM-2500 Series Capnographs

I am writing with regards to the VM-2500 series Capnograph that your organisation has previously purchased from Viamed.

It is recommended that gas readings should be verified at regular intervals with a reference instrument or with calibration gas. The suggested interval for gas span check is once every year, or whenever gas readings are questionable. A basic maintenance plan conducted by service personnel is recommended, a service manual is available upon request. Should you not have personnel to carry this out, capnographs may be returned to Viamed for servicing.

The price for this service is **£150.00** plus £10.00 return carriage (excluding VAT).

- VM-2500-M Mainstream part number 4480500
- VM-2500-S Sidestream part number 4480520

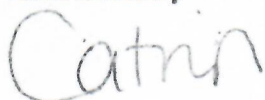

Should you wish to use this service, please advise us of the serial number/s of the unit/s and we will provide you with a returns reference number. When returning units to us, please may we ask that you ensure that the packing is adequate and we advise that you use a traceable delivery service.

So that we can keep our records up-to-date, if the Capnograph is no longer in service, please email capnographcheck@viamed.co.uk with the serial number/s and we will update our records accordingly.

Should you have any further queries or require any further information, please do not hesitate in contacting us.

Yours sincerely

Catrin Hollings
Marketing

Good afternoon,

Thank you for your purchase order.

Please could I ask if the serial number is A1707160004 relating to the VM-2500 that you would like to be calibrated? Also has this item been sent in for calibration? Ideally, we would issue a returns reference number in order to link the item being returned to their account.

On a separate note, please could I ask if your team have sent emails regarding purchase order tracking? We are unable to access these as we have no log in.

I await your reply.

Many thanks.

--

Kind regards

Kate Griffiths

Hi,

Please see serial number A1707160004.

Regarding the issue we had received the letter (attached) from yourself advising a service is due.

Please can you advise how long this will take as the order is very urgent?

Kind Regards,

Aaminah Nawaz
