

human med

Hi Derek, back to the Nuffield order 121408 - the one where I am unable to change the ORD as it has been mostly shipped. Should I set up a new ORD for them, detailing what is outstanding ie. 1580107-5 x1 and 1580086-5 x1 (new cannulas), then perhaps we can "close" 121408? I can then ensure we have stock ordered for this new order. Thank you.

yes please then let me know to close the old one

Derek 15:40

Hi Kate,

I have been in Newcastle last Thursday and spoke with Jo.

They were using our disposable cannulas.

As the missing cannulas are "short" cannulas and a spacer please be advised that as the Nuffield owns a body-jet® evo the following items can be used instead:

Biofill - Applicator: 580001

Biofill - Cannula, Infiltration: 1580107 - 5 (instead of 500114S)

BioFill - Cannula, I/A 1580086 - 5 (instead of 500086)

Article - No 500054 is not needed anymore.

If you have any further questions please do not hesitate to contact me.

Best regards,
Matthias
