If not already done so we need to send some opto housing sets for use in the production of veterinary Y sensors.

Please check stock:

0035020 45 sets in stock?

Retain one set for reference purposes, ship all of the remaining.

These may be physically stocked as separate black and white housings, We can ship these bulk packed (as we have previously done), no need to put into actual sets.

0035021 single item, white housing - no stock

0035022 single item, black housing - no stock

We ship the parts free-issue for the attention of Jens Schwarz (Sensatronic) and use the part number 0035020. Add the following memo to the order:

Supplied 'free issue' for the production of
 VY-6500 veterinary multisite SpO2 Y sensors.
~~Sensors ordered via Bluepoint Medical~~
