Good morning Richard,

Will get the order on the system asap for 12x 2810011 - MD300C2/D.

Just to let you know we are seeing a very high volume of orders at the moment, so it might be beneficial for you to estimate your demand and place a further order to cover your requirements to see you through the next few weeks, as we could run out of stock and orders are likely to take longer to process at the moment.

Regards,

Steve
