Hi Mike

Sorry, my understanding was that 800 finger pulse oximeters were required and maybe an additional 200 would be required at a later stage, perhaps to be ordered by someone else.

As discussed we have 1000 units due in soon and of course we can allocate 800 to you and we will prepare a pro-forma invoice tomorrow. Can you please confirm what the invoice address is?

800 x Part number 2810047 MD300C26 Finger Pulse Oximeters, with colour OLED display

£17.89 each + VAT EXW Viamed UK

Do you want us to ship the goods via UPS and if so would you like us to add shipment insurance?

In light of the emergency situation we had in the meantime allocated the other 200 to one of our regular ambulance authority customers. Should the situation change we will of course check whether you would still wish to take the additional units and will then send a further pro-forma invoice. Under the current unprecedented circumstances we can not guarantee immediate future supplies of particular models.

As you will appreciate there is an unprecedented worldwide demand for such products at the moment.

Kind regards

Steve

Steve,

Apologies for the delay.

Please take this email as authority that Industry Wales will purchase 1,000 Finger Pulse Oximeters as discussed with Dr Rhys Thomas at a price of £17.89 each

Please send, by return email, an invoice for the goods and we will authorise our accounts department to make an immediate payment that will take up to 3 days to hit your bank account.

We will need these units delivered to;

CR Clarke and co (uk) limited, Unit 3 Betws Industrial Park, Ammanford SA18 2LS

Many thanks

Best regards

Mike Gillard
