**Notes:**

Copy Issue Main Issue #172892  
Added by Steve Nixon sent to Derek Lamb  
UCL orders:

Ideally need to get some (or up to 176) VN202 units out today, UCL can arrange courier collection which will then deliver to hospitals.

Orders attached:

F45-3048689

75 x 7910110 Vandagraph VN202, with manual power off

115 x 7910100 Vandagraph VN202, with auto power off

For each of the above include and scan from Viamed stock FOC:

1 x 0120100 T piece (include in with VN202)

1 x 0022171 Mounting plate (Ryan has already attached some)

NOTE: UCL have the number wrong for the first line. Also, Vandagraph may have used wrong number from what was on Viamed original. Easier to change Viamed, I'll confirm soon, next 10 mins.

First need to generate pro-forma that I can use to get pro-forma payment. Then process, will just need a delivery note for the courier.

We will also need to generate intercompany order between Vandagraph and Viamed for the VN202s priced at Â£110.00 each.

F45-3048897

190 x 0121182 Mounting clamps

Ship whatever we have today, more coming soon.

First need to generate pro-forma that I can use to get pro-forma payment. Then process, will just need a delivery note for the courier.
