Hope to pass soon this delicate situation.

It seems that our client needs SpiroTrue Apc (4310002). Can you deliver 10 sets of this? I am waiting the proforma for this.

Please inform me delivery term also for Oxygen sensor (R-23V).

Dear Claudia

I am well, thank you very much. I hope you are too.

Unfortunately we are currently out of stock of the Oxygen sensor (R-23V), but we have flow sensors available from stock.

We can offer the SpiroTrue Apc (4310002), these are autoclavable, but in our experience it is rare for these items to be autoclaved, so I would suggest that you look at the non autoclavable options.

Please find our prices and information attached and let me know if you have any questions.

Best regards

Ryan
