Hi Kate,

Thank you for the quick response. We will take a look at shipping costs before confirming our purchase. Our delivery and invoice address is the same and is listed below.

Alternatively, do you have any US distributors with whom your product is available?

Thank you!
Kristen

Good morning Kristen,

Thank you for your email.

We currently have one V1000 Fetal Heart Simulator available. The price is \$950 EXW.

If you require a proforma invoice, I would need your delivery and invoice addresses in order to set up a new account for you. I can then let you know carriage and any other charges.

Many thanks.

Kind regards

Kate Griffiths

Please note: Viamed is now enacting a coronavirus contingency plan to allow sales and admin staff to work from home, and I am now working remotely. Telephone calls to the main office will not be answered, but emails will. Orders may take longer to process but we aim to continue to operate and serve our customers as best we can.

Hello,

Could you provide a quote on the V1000 Fetal Heart Simulator? What would the lead time be? For shipping costs, we are in the US.

Thank you,
Kristen
