Good morning Woko.

Thank you for your website question.

The price for part number 1410000, V1000 foetal heart simulator is \$950.

Carriage would be approximately \$54.62 if you would like it shipped via our UPS courier. There would also be bank charges and insurance.

If you would like a proforma invoice, I would need your invoice and delivery addresses in order to set up a new account.

The lead time would be approximately 1-2 weeks.

Please do not hesitate to contact me if you require any further information.

Many thanks.

Kind regards
