Dear Christian,

We do have stock of the R-17AV sensors but the lead time for the rest of your order will be approximately the beginning of August. Worldwide the priority has been medical sensors, so unfortunately the supply of automotive sensors has been affected.

Would you like part shipment?

Kind regards

Good morning Christian,

Please accept my reply.

I have added the 50 x R-22AV to you order but we have no free stock at the moment.

We do currently do have some R-21A sensors in stock. How many were you thinking of?

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Dear Christian,

Thank you for your order. Sarah is on annual leave today so please accept my reply.

Unfortunately we do not have any R-17A in stock at the moment - the lead time could be up to 6 weeks - I will need to check this and get back to you.

Please let me know if you would like us to part ship the other sensors on your order?

Kind regards

Sophie Lines
