Hi Vania

Please can you supply me with your delivery/invoice address and the courier account you would like us to use and I will set up your details on our system and send you a proforma invoice?

Best regards

Ryan

Dear Vania Cristina

Thank you very much for your email.

R-17MED - 0110017 = USD \$34.50 each EXW

With regards to supply, the samples should be available directly from stock.

If the sensors are found to be suitable, then we can look towards putting a schedule together for you of approximately 500-2000/per week. Delivery would typically start 4-6 weeks from receipt of payment against proforma invoice.

Please note that delivery dates are approximate and are changing from day to day, due to the excessive demand.

We do not have any registration with the health authorities in Brazil, so please let me know if there is any special documentation you will require for importation.

I look forward to your response and please let me know if you have any questions. If you would prefer to speak to me in person, then please call my mobile number, as our office lines are not currently monitored.

Kind regards

Ryan
