Hi Ryan

Today after a meeting I got the authorization to only buy 26 pieces, could you update the invoice and also confirm if your bank account is in GBP or USD, I couldn't confirm this information on the Proforma.

Thank you and we will send payment immediately

Regards

Erick

Dear Erick

Please find your proforma invoice attached. Officially all proforma invoices are checked off by a colleague in our system, but at this time I can't get that done, but it should be okay. Please let me know if there are any amendments required.

Best regards

Ryan

Hi Ryan

Thank you for the confirmation

If you have 50 max-3 in stock, we will take them all, please email me the proforma invoice together with your banking details in order for us to process payment.

For shipping we could use our UPS account, would that work for you?

I really appreciate your support.

Best Regards

Erick

Hi Erick

Thank you for your email.

Under normal circumstances, we would recommend our alternative sensor, the R-48V, as it is more economical. Unfortunately we have no stock of the R-48V and no confirmed date as to when we can obtain anymore.

I have approximately 50x MAX-3 available from stock, so we could ship the 43 urgent pieces. I have no confirmed date on the remaining balance, but I can confirm we are receiving regular orders from Maxtec.

Should we organise a proforma invoice for you? If so, please provide complete invoice/delivery address details.

Best regards

Ryan

Hello Ryan

Following up on an email that you exchange with Miguel del Valle regarding the **R109P11 Max-3**, I wanted to check with you what would be the actual lead time for 119 pieces? We need urgently 44pieces and the rest could be shipped separately.

Do you have any stock or is there any other sensor that could be compatible to substitute the Max-3 in a PENLON AV-S Ventilator?

Thank you for following up and hope to hear back from you soon.

Regards
