Good afternoon Mark,

Thank you for your purchase order.

Please could I check with you that you require 100 x 0110132 R22AV, or **perhaps you require 100 x 0110182 - R22AVG.**

Your last order was for 100 x 0110182.

I need to make you aware that there is a **very long lead time for automotive sensors** at this current time, due to medical oxygen sensors taking priority. It is currently very difficult to give accurate lead times.

Please refer to the attached correspondence from our commercial director, Steve Nixon, for more information, dated May 2020.

We are working hard to get sensors in and will ship orders as soon as they become available. If we are able to offer alternatives, we will do so.

Please let me know which sensor you require.

Many thanks.

Kind regards

Kate Griffiths

Please note: Viamed is now enacting a coronavirus contingency plan to allow sales and admin staff to work from home, and I am now working remotely. Telephone calls to the main office will not be answered, but emails will. Orders may take longer to process but we aim to continue to operate and serve our customers as best we can.
