Hi Enrique,

To clarify, the sensors can be **boxed individually** within a larger outer box measuring 61x47x25 cm. Or the sensors can be sent **without their individual boxes** within a larger outer box measuring 36x36x36 cm.

The weight would remain as 7kg. If you need me to give a cost for UPS to ship the goods, **I would need to know which option you require please.**

Thank you.

Kind regards

Kate Griffiths

Good morning Enrique,

Thank you for your reply. Please find attached proforma invoice. Please check and let me know if you require any changes, eg. addresses.

There are two packing options - boxed - 61x47x25 cm, 7kg and unboxed 36x36x36 cm, 7kg. **Please let me know which option you prefer** so I can inform the warehouse.

As you are aware, the lead time could be at least 8 weeks. This is very approximate due to the current pandemic.

Many thanks.
