Dear Ryan,
Thanks for your quotation,
How about R-23V Oxygen Sensor ? Is it available in your stock?

Dear Mr Khanh

Thank you.

The R-42V = USD \$40.00 each EXW

The problem with the R-42V is that we have very few in stock (approx 10x) and we are unlikely to be able to get anymore for another 3 months.

Best regards

Ryan

Dear Mr Khanh

We do not have one, but I can obtain them. There is a cost of approximately \$110 and they normally take a week to arrive, although it could be longer depending on whether the issuing office is back at work after the lockdown.

Please let me know if you would like me to organise one for you.
