Hi Betti

Yes, we have these sensors, but not the silicone case.

The sensor is the KE-25F1 (part no. 0110529) = EUR €93.15 each EXW. These sensors are not available from stock, delivery time is typically 2-4 weeks.

If the shape of the sensors is not important, then you may also use the standard KE-25 (part no. 0110524) = EUR €45 each EXW. These sensors are available from stock.

Please find attached our brochure which includes the range of KE sensors.

Best regards

Ryan

Hi Ryan,

One of our customers is looking for the attached O2 sensor. This type is unknown for me. Originally it was in a silicone case.

Do you have it?

Betti
