Dear Kate,

Regarding purchase order, 323175907. We do now have limited stock of the T-7 sensors. However, the unit price on the PO for the R-23V is incorrect and should be £58.30. Please can you or someone confirm that you are happy to proceed with this order?

Kind regards

Sarah Walton

Subject: Your order 323175907

To: <[kate.cooper5@nhs.net](mailto:kate.cooper5@nhs.net)>

Good afternoon Kate.

Further to our telephone conversation today regarding T-7's product code 0110057 on back order at £42.00 each. These will be ready mid to the end of July.

Just to make you aware. The price of this sensor has increased to £58.30 each. This has nothing to do with the Covid 19. The price should have gone up beginning of March, but we have been using existing stock and fighting emergency demand for these sensors. However for this order we will honour the price of £42.00 each. (for this order).

As also discussed if you are desperate before then, we can offer you an alternative product 0110417 which is the Max-17. These are priced at £68.00 each.

Look forward to your reply.

Kind regards
