Dear Lee,

Thank you for your purchase order, 249189054.

The unit price on the PO is incorrect and should be £9.65.

Quantity Discount Prices for part number, 0021013**1 = £12.90, 2 = £10.40, 3 - 10 = £9.65 and 11+ = £9.40**

I have placed your order on hold until you advise that you are happy to proceed.

We are getting lots of PO's with incorrect prices. As we have increased some of our prices recently and with more to come. We as a company believe it is important to avoid delays with orders, especially during the current situation and stock availability. Please can you direct me to someone who can amend the current price list you have on your system to the correct ones?
