

GUARANTEE

This timer is hereby guaranteed for a period of 12 months from the date of purchase. The best materials and workmanship have been employed throughout every stage of manufacture and every timer is thoroughly tested before despatch. This guarantee covers any defect in material and manufacture but excludes damage caused by accident, misuse or neglect. Should this timer develop a defect within this period it will be repaired or replaced at our option.

In the event of a complaint regarding timers purchased outside the U.K. please contact your local distributor.

The service under this guarantee does not affect your statutory rights against your supplier if the timer is faulty.
