Hi,

Please can someone raise a quotation for the following items for Homerton Hospital as per the email below. I've checked and it's for the service of 5 resus cabinets to be done by themselves:

- 5x 0330213 - O-ring thick
- 30x 0330214 - O-ring thin
- 5x 0332000 - Blender annual service kit
- Carriage by UPS.

Thanks,

Steve

Hi Mufna,

Do you mean a replacement flowmeter for the blender? If so, the details are as follows:

Part No: 0320210

Desc: Flowmeter 0-15 lpm.

Price: £33.20+VAT

Carriage: £5.00+VAT Recorded Delivery

We don't currently have them in stock, I would expect the lead-time to be within a week or so. If you need one urgently, you could try Inspiration Healthcare.

Hi Steve,

Thank you for the quote. I will not require some of the parts that are listed on the quote since we have spares. I also have a valve adjustment tool within our service kit. From the list, it will be blender annual service kit and the two O-rings that are needed for now.

Speak to you soon.

Hi Mufna,

It was nice to meet you too. I hope that the service training proves sufficient to get you through the services without any issues, but if you run into any problems you can always call to speak to Phil for advice.

I have attached a quotation for the parts that you will need to service the 5 cabinets, no hoses are required until the 4th year of service, which I believe will be 2020.

I think I have included everything, I've added a couple of gauge seals (diamond copper washers) which may not be required but it's best to have some spare.

Can you confirm that you still have the valve adjustment tool that the Trust purchased for the last services? If not, these are available at a cost of £25.00+VAT.

Error! Filename not specified.

I will send printed training certificates next week for your training records, I'm just awaiting on more certificate paper arriving.

I will keep an eye open for the order coming in and ensure it gets processed promptly. If you have any queries in the meantime, please let me know.

Steve
