Good morning Virginia,

With regards to new R-17VAN sensors, we are unfortunately out of stock. O2 sensor production has been prioritised towards medical sensors and so our stock of scuba sensors has been delayed. Unfortunately we do not have any confirmed date as to when they will be available, but it is likely to be a good few weeks or even a month or two before we have more R-17VAN available.

Would you like these sensors on back order?

Really very sorry for any inconvenience this may cause.

Kind regards

Gail Bell
