**Subject:** \*\*\*SPAM\*\*\* Enquiry via Teledyne - R-17MED & R-22MED sensors

Dear Sir or Madam

Please accept my reply on behalf of Teledyne, as we act as their master distributor for medical, automotive and scuba products.

We would be happy to supply you with the R-17MED & R-22MED at our distributor pricing, as below:

R-17MED - part no. 0110017 = USD \$32.50 / EUR €30 each EXW

R-22MED - part no. 0110022 = USD \$34.50 / EUR €32 each EXW

Delivery would be from our warehouse in the UK.

Normally these items are available from stock, but due to the pandemic, these sensors are in large demand. For a small number, we could look towards supply within a few weeks. Larger orders would have to be scheduled and delivery times can be provided at the time of ordering.

If the sensor pricing is acceptable and you would like to proceed with an order, please let me know which currency you prefer and we can send you a proforma invoice including the shipping costs. If you would prefer to make your own transport arrangements, please provide us with your courier details and account number and we can arrange collection on your behalf or provide you with the weights and dimensions.

I look forward to your feedback and please let me know if you have any questions.

Best regards

Ryan
