Hi Gail, please can you put a proforma invoice on for Mary and send her a copy.

2x R-17MED 0110017 = £45 each  
Postage (recorded) = £5  
+ VAT

Thank you

Hi Mary

The R-17MED is definitely compatible with the MD300, the cost would be the same = GBP £60 including postage and VAT.

I am working remotely and I have limited access to historic account data, please can you let me know how you like to pay? We accept bank transfers, credit card or paypal?

I will await your reply.

Best regards

Ryan

Hi Ryan,

Thanks for getting back to me, the R17- med will definitely work with the MD300 analyser? If yes, could you please order me one that would be great. How much are they?

Regards,

*Mary McDermott*

Dear Mary

Thank you for your email.

Unfortunately, due to the pandemic, we are out of stock of the R-17VAN until sometime in August.

However, our sister company has regular shipments of the R-17MED which is being used for the government ventilator projects, these sensors are compatible with the R-17VAN. Although we do not have any stock at the moment, because your requirements are medical related, I expect we can free some stock in the next couple of weeks for you.

Please let me know if this would be agreeable? If so, I can put your order into the system?

Best regards

Ryan

Dear Sir/Madam,

Could you please tell me when you are likely to get some more of the above parts in stock, we provide Oxygen to people with MS and one of our chambers is now out of action as we need a sensor for our analyser.

Regards,

*Mary McDermott*
