FAO Simon

Dear Sir,

We can do both 50mm and 75mm, braked and unbraked with antistatic wheels, what exactly do you mean by stem mounted? We can do them with a thread 10mm screw stem or a with an expander to fit inside round or square tube. For prices and more information you can either e-mail me at mpenfold@rhombus-castors.co.uk or ring me on 01455 633371.

Regards

Mike Penfold
