Good morning Gerard,

Thank you very much for your email order.

I am very sorry but we are having supply issues at the moment.

With regards to new R-17VAN sensors, we are unfortunately out of stock. O2 sensor production has been prioritised towards medical sensors and so our stock of scuba sensors has been delayed. The latest news is that we are scheduled to have the sensors for the end of August, but unfortunately the schedules are changeable at the moment due to medical requirements. The Tek-ox Analysers also require R-17VAN so we are not able to provide these at this time either.

We can, however, supply the R-33DE's and the R-22VANS on a part ship basis and keep the other items on backorder? Please let me know what you wish to do.

Very sorry for any inconvenience this may cause, your time and patience in this matter is greatly appreciated.

Kind regards

Gail Bell

Hi Gail,

thanks for your answer.

please send the items you have and keep the rest in backorder for delivery a.s.a.p.

thanks and regards

Gerard

Morning Gerard,

Thank you very much for your confirmation email.

We will process the part ship for you.

Thanks again for your time and patience, we really appreciate it.

Kind regards

Gail Bell
