Good afternoon Nikki,

Thank you very much for your email order 034712.

Unfortunately, we are unable to supply the VN202 Analysers at the moment. These Analysers require R-17VAN Sensors.

With regards to new R-17VAN sensors, we are unfortunately out of stock. O2 sensor production has been prioritised towards medical sensors and so our stock of scuba sensors has been delayed. The latest news is that we are scheduled to have the sensors for the end of August, but unfortunately the schedules are changeable at the moment due to medical requirements.

Would you like these Analysers on backorder?

We are extremely very sorry for any inconvenience this may cause and appreciate your time and patience in this matter.

Kind regards

Gail Bell
