Hi Ryan,

With the 5x R17VAN, could you please add 1x R33-DE, when you will be ready to send it?

Thank you!

Best regards,

Isaline

Dear Isaline

Thank you very much for your email.

Unfortunately we are out of stock of the R-17VAN, as sensor manufacture continues to prioritise on the production of medical sensors to help with the current crisis. We are scheduled to have more sensors available before the end of August, but this is changeable depending on the medical demands.

Please can you let me know if you would like me to keep your order and put it into the queue or would you prefer to cancel your order?

I will await your reply.

Best regards

Ryan

Good morning Isaline,

Further to your correspondence with Ryan,

We do have 1 x R-33DE in stock so we can supply this sensor for you.

As stated previously. Unfortunately we are out of stock of the R-17VAN, as sensor manufacturer continues to prioritise on the production of medical sensors to help with the current crisis. We are scheduled to have more sensors available in September, but this is changeable depending on the medical demands.

Therefore would you like the 1 x R-33DE part-shipped?

Kind regards
