Good afternoon Christian Rose,

Thank you very much for your email order.

I am very sorry but we are having supply issues at the moment.

With regards to new R-17VAN sensors, we are unfortunately out of stock. O2 sensor production has been prioritised towards medical sensors and so our stock of scuba sensors has been delayed. The latest news is that we are scheduled to have the sensors for the end of August, but unfortunately the schedules are changeable at the moment due to medical requirements.

Would you like these sensors on backorder?

Kind regards

Gail Bell
