Hi Kate,

These are used for testing organ donor transportation machines, manufactured by a company called OrganOx, so I can assure you they are for medical use.

If you could provide a pro-forma, that'd be great. Do you need anything from me to proceed?

Many thanks

**Subject:** Re: Quote for Oxygen Sensors

Good afternoon Emma.

Thank you for your enquiry. The price of item 0110217, R-17VAN Oxygen Sensors is £45 each. Carriage would be £10. All prices are excluding VAT.

This item has a lead time of at least five weeks, it may be longer.

Due to Covid-19, manufacture has been prioritised towards medical sensors, and the lead time may change depending on medical requirements

Please let me know if you would like a proforma invoice.

Many thanks.

Kind regards

Kate Griffiths

**Please note: Viamed is now enacting a coronavirus contingency plan to allow sales and admin staff to work from home, and I am now working remotely. Telephone calls to the main office will not be answered, but emails will. Orders may take longer to process but we aim to continue to operate and serve our customers as best we can.**

Subject: Quote for Oxygen Sensors

To: [viamedinbox@gmail.com](mailto:viamedinbox@gmail.com) <[viamedinbox@gmail.com](mailto:viamedinbox@gmail.com)>

Good afternoon,

We are looking to purchase 6 0110217 R-17VAN Oxygen Sensors for one of our customers. Please could a quote be provided for this?

I have been online and am aware that these are currently out of stock, which is understandable given the current climate. If you could advise on a lead time for these however?

Many thanks

**Emma Tibbetts**
