Subject: Sensors for Divesoft

Dear Gerasimos

Further to your conversation with my colleague Kate, we offer the R-22VAN or R-22S sensors.

As I am sure you know there are some stock issues at the moment, due to the pandemic. However, we have a small quantity of R-22S sensors available, the trade price is GBP £35 each EXW.

Please let me know if you would like to proceed with an order.

Best regards

Ryan
