Dear Anupama,

Thank you for your email. Please accept my reply as Steve Hardaker is on annual leave this week.

Until we have a delivery address outside the UK, I have to leave VAT on the Proforma Invoice. Please let us know the delivery address in India so we can update this for you and remove the VAT.

With regards to Oxygen Sensors, unfortunately we do not have any equivalent/compatible sensors for the Hamilton C1 or C2.

Please find your document attached, and let me know if you have any further queries.

Kind regards

Sophie Lines

Dear Steve,

We receive the sample, thank you for the same.

Can you share with me the proforma invoice of Hamilton flow sensor (Pack of 6) x100x GBP 30 = GBP 3000.00

Please note we will be sending the material to India hence VAT will be zero, we will share with you the address where the goods have to be sent. However, the invoice has to be raised to Headington Medical Technology Ltd at the below address under Zero VAT invoice. Our forwarder will pick up the goods once it has been packed and you share with us the packing details. Please feel free if you have any questions.

We understand that you are also dealing with the oxygen cell. Do you have an oxygen cell compatible with Hamilton Medical ventilators model HAMILTON C1 , HAMILTON C2.

Best Regards,

Anupama

Dear San,

It looks like we have samples of both types available, I have forwarded the request to our sales office to get a sample of each out to you this week. I would be grateful if you could let me know how your assessment goes, thank you.

Regards,

steve
