Hi Gail,

That's brilliant thank you. I also have a need for a Class R-17VAN sensor for our other tester are they OOS for a while? and if you can help with this it would be brilliant; we also have 4 Poseidon Se7en re breathers in the school that need their O2 sensors replacing, do you do a compatible sensor for the units please? They are not using the solid state versions.

I look forward to hearing from you,

Many thanks Simon
