Hi Tracy

Zoey will update you on your order. Please note that we have not added the R-22S, as they are unavailable for the foreseeable future. Would you like to keep it on back order or should I cancel it? Please note that the R-22A and R-22S are almost identical.

Best regards

Ryan

Hi Tracy

We are starting to get some UFO sensors through, some stock arrived this week, unfortunately not enough to clear all our back orders, but we are expecting more in the near future. I believe, but will have to confirm, that your order will be taken care of.

When would you like us to arrange dispatch of your R-22MED? Should we add them to the shipment?

Best regards

Ryan

Hi Tracy

At this moment, it is impossible to make any promises. We have some back orders to take care of, but we would certainly try our best to deliver before November.

Hi Tracy

Teledyne are currently quoting November for our UFO stock, however we have been receiving some part shipments each month. Teledyne are hoping to set up a dedicated production line for UFO sensors in order to speed up delivery times, but we are not sure when or if this will happen.

Best regards

Ryan
