Hi Tord

Thank you very much for your email. We have a new system that we have been using remotely since the pandemic, so I have just entered your details and set you up with a trade account.

Please find attached our latest trade price list and some brief product information.

We are experiencing delays with some of our products due to the pandemic, as O2 sensor production has been prioritised towards sensors for medical use. If you let us know what you require, we can give you an estimated delivery schedule and provide you with a proforma invoice if you still wish to proceed with an order.

Please let me know if you have any questions.

Best regards

Ryan
