Good morning Farshad,

Thank you for your email. We are all well, I hope you are too.

Am I right that you would like the price of 100 x 0110122, R-22A sensor as per a previous order?

If so, the price is \$23.20 each when purchasing 100.

The lead time may be as long as **at least October** as there has been a shortage of automotive sensors being produced as priority has been given to medical sensors due to the pandemic.

Please let me know if you require a proforma invoice detailing carriage charges etc.

Many thanks. Kind regards

Kind regards

Kate Griffiths
