Stock References Review

Stock Reference	Description
0120090	Oxygen sensor O ring.
0120098	Oxygen sensor flow diverter O ring 15mm
0120099	Oxygen Sensor Flow Diverter 15mm
0120100	`T` adapter. 22mm I.D. - 22mm O.D.
0120103	`T` adapter: 15mm paediatric circuits
0120106	`T` adapter. 22mm I.D. - 22mm O.D.
0120108	`T` adapter. 22mm O.D. - 22mm O.D.
0120109	`T` adapter non rebreathing.
0120110	Perfusion Circuit `T` Adapter.
0120121	FlowCheck
0120125	Connector: 22mm I.D. - 22mm I.D.
0120126	Connector 15mm I.D./22mm O.D.-22mm O.D.
0120127	Connector: 15mm I.D./22mm O.D. - 6.5mm
0120128	Connector - 15mm I.D. - 22mm I.D.
0120129	Connector - 22mm O.D - 30mm O.D.
0120130	Connector 15mm O.D. - tapered barbed
0120131	Connector 15mm I.D./22mm O.D. - tapered
0120133	Connector 22mm I.D./30mm O.D. - tapered
0120139	Adapter 15mm I.D. - 10mm I.D
0120140	Adapter 15mm I.D. - 15mm I.D
0120141	Adapter 15mm I.D./22mm O.D. -
0120142	Adapter 15mm I.D./22mm O.D. -
0120149	Adapter 15mm I.D. - 10mm I.D
0120150	Adapter 15mm I.D. - 15mm I.D
0120151	Adapter 15mm I.D./22mm O.D. -
0120152	Adapter 15mm I.D. - 15mm I.D
0120153	Adapter 15mm I.D./22mm O.D. -
0120159	Adapter 15mm I.D. - 10mm I.D
0120160	FiO2 sensor adapter.
0120161	FiO2 activator for small bore tubing.
0120162	FiO2 activator for 15mm O2 sensors
0120163	FiO2 activator for 18mm O2 sensors
0120164	Spring loaded FiO2 sensor adapter.
0120165	Replacement `T` assembly for MT 100.
0120166	Replacement activator for MT 100.
0120200	Adult MDI Adapter.
0120201	Adult MDI Adapter.
0120202	Adult MDI Adapter.
0120203	Adult MDI Adapter.
0120204	Paediatric MDI Adapter.
0120205	Paediatric MDI Adapter.
0120206	MDI Adapter - Replacement Rubber Cap.

Stock Reference	Description
0120207	MDI Adapter.
0120208	MDI Adapter.
0120300	Wye Connector
0120301	Wye Connector with pressure port.
0120302	Wye Connector with temperature probe
0120303	Wye Connector with temperature probe
0120304	Temperature probe port cap.
0120305	Wye connector 60 degrees.
0120306	Wye connector 90 degrees.
0120307	Wye connector 60 degrees.
0120310	Auto PEEP measurement device.
0120400	`T` adapter. 22mm I.D. - 22mm O.D.
0120401	`T` adapter. 22mm I.D. - 22mm O.D.
0120402	`T` adapter. 22mm I.D. - 22mm O.D.

05 Nov 2019 Oxygen Monitoring Catalogue UK

Notes:

Added by Catrin Hird sent to Steve Nixon
Please can you produce pricing for 0120124.

Thanks

03 Nov 2019 Steve Nixon

Further to previous discussions we are not doing singles anymore, just box/pack quantities.

Will go over this again when I am back in the office. The same will apply to the other connectors...

06 Nov 2019 Catrin Hird As far as I was aware this was for only some connectors which have been removed from the catalogue. The recent oxygen monitoring catalogue has been signed off including these part numbers. I have attached the catalogue for reference, see page 34.

I have checked stock and can see that there are certain part numbers which do not include the original manufacturers packing.

I believe, from seeing other connectors purchased more recently from Intersurgical that they are now packaged individually, like 0120103 which is a single paediatric connector and is included in the catalogue. 0120103 is a single part number, part number 1802 looks like it should be a box of 40 (this part number was not included in the catalogue - should it have been?)

- 0120103 - Intersurgical packaging
- 0120124 - Intersurgical packaging
- 0120125 - Viamed bag
- 0120126 - Intersurgical packaging
- 0120127 - Intersurgical packaging
- 0120128 - Viamed bag
- 0120129 - Viamed bag

The following part numbers are not in original packaging and are packaged in our bags, do we need to discontinue these or see if we can get the correctly packaged version from Intersurgical? Could we add these items to another part number which states none CE marked product?

- 0120125 - last sale Feb 2019
- 0120128 - 11 purchased by customers since 2015, last sale 2016
- 0120129 - 8 purchased by customers since 2010, last sale 2016

Please can you clarify how you would like to proceed regarding the singles, there are no notes on Intrastats and stock is showing as sellable and available in the warehouse.

06 Nov 2019 Catrin Hird

If we are keeping the single part numbers we also need:

0120399 needs adding to website

Issue ID #169577

Date Created 19/Mar/2020

Issued To: Catrin Hird

Completed Status: 26 Mar 2020

Notes:

Added by Steve Hardaker sent to Catrin Hird

Need to add 0120399 T-adapters to the website, its still listing the superseded 0120100 single T-adapter that we can no longer supply individually.

20 Mar 2020 Catrin Hird

Added and removed single

24 Mar 2020 Steve Hardaker

Thanks. Description says "Single use"; whereas SN told me yesterday that these are now classed as reusable?

Need to check the instructions and labeling, I thought they were still single-patient-use but could be cleaned in advance if required.

24 Mar 2020 Steve Hardaker Document ID / Version Control #22448 - Test Report - Biological Safety / Toxicity

States multiple use / reusable on the test report.

Packaging product label doesn't have the single-use symbol, so we are OK to re-use.

Can you edit the webpage? Spoke to SN and he agrees with calling them "Re-usable, non-autoclavable"; Thanks.

25 Mar 2020 Catrin Hird

Updated as above.

Output for:

R-23V
R-23Vi
R-43V
R-47V

Warranty for 0111002 UFO 130-2 PCB

Do we have compatibility information yet for the ITG LF sensors?

What are the pack quantities we are allowed to sell the t pieces etc in as need to include in the catalogue.

03 Jul 2019 Catrin Hird
Last query is on issue 147122

20 Aug 2019 Catrin Hird
Query for notes given - Page 20, OOM 102 should be OOMLF102 - can not see this? Page 20 is itg.

We do have a spare page available but due to the layout it would not work to have benefits of Lead-free at the front as it would make all following pages out of sync. I have left them as is for now with a blank page at the back - see what you think.

Once happy I will go through full checking again and provide to SJH for proofing.

Notes from SN completed:

0111002 12 months warranty
R-23 & R-23Vi 24-32 uA
R-43V 25-38 mV
R-47V 9-13.5 (2 channels)- remove output difference statement.
Page 22, add MOX-20 Resmed Elisee, 0110707 MLF-60HC 410040

28 Jan 2020 Catrin Hird

Next Action Changed From To Steve Hardaker

Priority Changed From 5 To 0 Please find attached updated Maxtec Monitors leaflet.

Superseded 0120100 with 0120399.

Removed 0120105 0120107.

Hard copy with proof sheet provided.

29 Jan 2020 Catrin Hird

Updated leaflet as per the Oxygen Monitoring catalogue as per our discussion.

Hard copy and proof sheet provided to SJH.

Attached to issue.

29 Jan 2020 Steve Hardaker

Leaflet looks fine but the price list that you provided still has a lot of the discontinued items on it. eg 0120100, 0120105, 0120107 etc. Either the stock group hasn't been amended or you may have printed me the wrong one?

29 Jan 2020 Steve Hardaker

Next Action Changed From Steve Hardaker To Catrin Hird 0121200 - Universal mounting clamp does not fit onto the MaxO2 ME, the table on page 3 requires updating.

The FAQ for 0121200 correctly states that the screw thread is not long enough (I physically checked that this is true).

Note: we had already corrected this on the main oxygen monitoring catalogue but you may need to check whether this info appears elsewhere.

29 Jan 2020 Catrin Hird

Next Action Changed From Catrin Hird To Steve Hardaker Thank you, I have left on the reverse page and removed from the table.

I believe we have only done something like this in the catalogue, I don't think we have done else where.

Updated copy attached.

29 Jan 2020 Steve Hardaker
No further amends. Signed and returned.

VIAMED Sales And Marketing - Sales
Narked at 90 - Viamed sales account
Issue ID #171164
Date Created 29/Mar/2020
Issued To: Derek Lamb
Completed Status: 16 Jul 2020

Notes:

Copy Issue Main Issue #171162
Added by Steve Nixon sent to Sarah Walton
Can you please set up a Viamed sales account to Narked at 90.

1) For one of the vent projects, tomorrow we may need to quickly supply some flow diverters and T pieces to a third party via UPS, on behalf of Narked at 90. This will need to be without Viamed paperwork. Send as no charge samples please.

1 x 0120401 T Pieces

20 x 0120099 Flow diverters.

I gave Cathy a few bags of these a few months ago, not sure why not showing in stock. As a back up Vandagraph have plenty.

2) Add the following notes to the Narked at 90 account.

Quoted by SN 03/20:
0110022 Â£32.00 each EXW, even for large quantities. No boxes.

0210402 Â£300.00 per bag of 100

3) Send as FOC samples via UPS to John Routley at Narked at 90:

1 x 0131150
1 x 0131201
1 x 0131202

1 x 0120400
10 x 0120099

30 Mar 2020 Sarah Walton

Set up account and added the three orders - 2 x Priority 1 to David Elder and Jim Fisk and the one to Narked. Although sending with no paperwork or reference of Viamed on packaging, Cathy has advised that the UPS label will state Viamed on it.

30 Mar 2020 Steve Nixon

I know, even if we send RM special delivery it will state the same. We have no choice, they may not notice. Once we have the orders, they have to proceed.

Thank you ladies!

30 Mar 2020 Sarah Walton

These order have been processed and shipped today.

Oxygen Monitoring Catalogue - Accessories Pack Quantities

Issue ID #147122

Date Created 12/Jun/2019

Issued To: Steve Nixon

Completed Status: 20 Aug 2019

Linked Files

12 Jun 2019 Oxygen Monitoring Catalogue 2019-06 WIP

Notes:

Added by Catrin Hird sent to Steve Nixon

Please can you clarify which of the following part numbers we will be able to sell as singles and which will have to be box quantities:

0120100

0120106

0120107

0120104

0120108

0120109

0120105 - discontinued?

0120103

0120110 - only sold as separate parts? Presume will have to be the box quantity though.

0120165

0120166

0120101

0120102

0120120

PP1968

0120125

0120126

0120127

0120128

0120129

0120130

0120131

0120133

0120139

0120140

0120141

0120142

If the supplier is able to produce the part number for a single and we order 50 x said part number could we then sell as singles?

Leaflet attached for reference.

16 Aug 2019 Steve Nixon

See hard copy for edit notes. If any queries, please ask.

If spare space available we can add benefits of lead free sensors...

20 Aug 2019 Catrin Hird

Catrin Hird 20/06/2019 Issue Generated

Leaflet Leaflet/Catalogue: Lead-free sensors 1st Checking Stage

28 Aug 2019 Catrin Hird

Next Action Changed From To Steve Hardaker

Subject Changed From Leaflet Leaflet/Catalogue: Lead-free sensors 1st Checking Stage

Subject Changed To Oxygen Monitoring Catalogue inc LF sensors: 1st Checking Stage Please find attached latest copy of the Oxygen Monitoring Catalogue.

All information is correct apart from awaiting text from Steve regarding the Benefits for the lead-free for each manufacturer.

Hard copy with proof sheet provided.

05 Sep 2019 Steve Hardaker

Next Action Changed From Steve Hardaker To Catrin Hird p1 - SN suggests trying different design style as the white box looks `stuck on`, and to my eyes its not really aligned with the other elements on the page. Is the white background fixed? if not, perhaps try the lighter blue?

p2 - standardise on lower case for oxygen sensors.

p5 - UFO-130-1 & UFO-130-2 datasheet says 3.4V +/- 0.4V at 100% oxygen, I think we need that last bit and it looks like we've always specified this incorrectly.

p8 - 2nd to last paragraph: add comma, change `of` to `for` so it reads "in preparation for this,"

p10 - 0110707 - missing image

p11 - SN has suggested 2 Envitec tagline bulletpoints, added to draft.

Note: I have checked the specs against the datasheets but have only checked the Envitec lead-free range for 0110800 - 0110808 as we don't seem to have the rest of the spec sheets on L drive. Have asked SN if he can get them and add to L.

One final thing, I'm not sure the "incorporating lead-free" logo on the front works, it seems like it should clearly state "range now incorporates lead-free sensors" or similar, but that would involve a minor re-design to that bottom corner. Perhaps one for discussion with you, SN and me next week.

Have put back on your desk with proofing sheet.

09 Sep 2019 Catrin Hird

Next Action Changed From Catrin Hird To Steve Hardaker Sorry there is a mix up, you have put notes for the sensor leaflet on the catalogue issue. Have updated 147847.

This issue is for the catalogue.

09 Sep 2019 Catrin Hird
Updated as per leaflet

09 Sep 2019 Steve Hardaker

Next Action Changed From Steve Hardaker To Catrin Hird p10 & 11 - Can you fit "@ 100% oxygen" directly after the output spec? The footer on p11 seems too remote.
p32 - 0120127 - Description incorrect, check the I.D. / O.D. details.
p33 - 0120140 - Not the correct part number for this item.
p38 - Image is black & white
p39 - Change General Purpose to lower case, 2 instances

09 Sep 2019 Catrin Hird

Next Action Changed From Catrin Hird To Steve Hardaker Updated.

Image for flowsensors is b& due to flowsensor leaflet, SN wanted the images to be similar rather than one colour and one not..

09 Sep 2019 Steve Hardaker

Suggested changing to colour images of flowsensors, unless there was a valid reason for using the black and white ones. Otherwise, no amends.

08 Oct 2019 Catrin Hird

Next Action Changed From Steve Hardaker To Steve Nixon Updated images.

Also amended catalogue title so reflects colour change on the leaflet version.

Attached to issue and provided to SN for sign off.

Steve N. Please proof and sign off asap, required for Medica.

09 Oct 2019 Catrin Hird
Redesigned front cover.

Reorder and remove some information from cross reference page (rename).

Hard copy with proof sheet provided to SN. Attached.

11 Oct 2019 Catrin Hird

Next Action Changed From Steve Nixon To General Signed off and added to L

Oxygen sensors for COVID19 projects
Issue ID #171176
Date Created 29/Mar/2020
Issued To: Zoey Teal
Completed Status: 16 Jul 2020

Notes:

Copy Issue Main Issue #171165
Added by Steve Nixon sent to Derek Lamb
Teledyne increased their prices just prior to COVID19 and we have been supplying sensors from existing stock at the old prices. We will shortly be increasing our prices, this is not as a result of COVID19. Also currency exchange rates have gone against us.

Further to work being carried out on the ventilator projects we may/will get more enquiries for R-22MED sensors, and in high quantities. Refer these on to me please.

So far I have officially quoted Narked at 90:

0110022 Â£32.00 each EXW, even for large quantities.

0120402 Â£300.00 EXW

Other parties currently involved include:

NSIC (National Security Interface Centre)

Meggitt / Airframe Systems
ADS Group - Aerospace, Defence, Security & Space
Huntleigh
Narked at 90

Imperial College London
Oxford Univeristy / Narked at 90

Notes:

Added by Derek Lamb sent to Catrin Hird

04 Feb 2020 Catrin Hird

0120131 for example is not labelled correctly and no longer holds a valid CE.

This is showing on orders and therefore we need a way of highlighting this, outside of expecting someone to read from the notes. It needs to be stopped at the goods out stage if it gets past order processing.

When a product is superseded and barcodes won't scan this is too late, it could do with affecting the active list so shows as blue instead of yellow.

When updating stock groups for price lists etc it would be worthwhile the item being colourcoded, this makes it easier to see if products are not available i.e. discontinued, superseded or not available in the UK.

VIAMED Stock Meeting - Any Other Business

Quantity order of R-22MEDs for government project

Issue ID #171184

Date Created 29/Mar/2020

Issued To: Catherine Spence

Completed Status: 16 Jul 2020

Notes:

Copy Issue Main Issue #171183

Added by Steve Nixon sent to Derek Lamb

Following discussions from last week and over the weekend, the government have placed an order with Narked at 90 for 7,200 x R-22MED and 7,200 T pieces. Iâ€™ve have been trying to push them all to make an urgent commitment before the supply line gets cut off. After discussions with the development team I got them to switch from R-23s. The government should transfer the money tomorrow.

I have gone down this route to give us some protection; in case it doesnâ€™t come off and in case we need to supply non-medical sensors. Also Narked at 90 can deal with the problem of supplying the interface cablesâ€

The order will be processed through Viamed.

Things should be clearer tomorrow.

We initially have:

1,000 sensors in transit to us.

500 sensors supposedly being produced.

Two batches of T pieces, 2100 + 5000 on back order. 2,000 should be in transit.

If it is confirmed we could do with packing 100 sensors per white VST box. Could we either print out the serial numbers or add to a spreadsheet in relation to each box?

Just use bubble wrap between the layers, no need for the woollen matting.

Derek, we will have to see if it is feasible to carry out full QA, or just batch QA.

Please note that we will invoice the goods out at:

0110022 Â£ 32.00 each EXW

0120402 Â£300.00 per pack of 100

09 Apr 2020 F45-3048931

Notes:

Added by Steve Nixon sent to Derek Lamb

UCL orders:

Ideally need to get some (or up to 176) VN202 units out today, UCL can arrange courier collection which will then deliver to hospitals.

Orders attached:

F45-3048689

75 x 7910110 Vandagraph VN202, with manual power off

115 x 7910100 Vandagraph VN202, with auto power off

For each of the above include and scan from Viamed stock FOC:

1 x 0120100 T piece (include in with VN202)

1 x 0022171 Mounting plate (Ryan has already attached some)

NOTE: UCL have the number wrong for the first line. Also, Vandagraph may have used wrong number from what was on Viamed original. Easier to change Viamed, I'll confirm soon, next 10 mins.

First need to generate pro-forma that I can use to get pro-forma payment. Then process, will just need a delivery note for the courier.

We will also need to generate intercompany order between Vandagraph and Viamed for the VN202s priced at £110.00 each.

F45-3048897

190 x 0121182 Mounting clamps

Ship whatever we have today, more coming soon.

First need to generate pro-forma that I can use to get pro-forma payment. Then process, will just need a delivery note for the courier.

08 Apr 2020 Steve Nixon

Part numbers between Viamed and Vandagraph OK

09 Apr 2020 Steve Nixon

Next Action Changed From Derek Lamb To Sarah Walton See last order attached.

Need to add FOC underneath VN202:

700 x 0022171

700 x 0120100

09 Apr 2020 Sarah Walton

Done and waiting to be checked

29 Mar 2020 Derek Lamb

updated the prices,
what about euro and dollar values,
issue now is it shows as new price date as 28th April, want me to shorten that?

29 Mar 2020 Steve Nixon

This is just an emergency fix in case the office inadvertently quote prices. I'll supply EUR/USD later.

Can you have them effective as of now please.
