Dear Divya

Although I can not guarantee that we have not quoted any other companies that may supply into Bahrain, we had an enquiry this week that we refused to quote for R-23V sensors, as it looked like the same project that you are working on.

Best regards

Ryan

Hi Team,

How are you all?

I just want to know, did any other companies from Bahrain ,contacted you for the quote on oxygen sensors R17, R23V ? because these sensors are promoted from our company. If possible ,could you please let them know that we are promoting these sensors in Bahrain. Because it will be a problem for us in future with same item, manufacturer, brand etc with different prices. Since 2017 I am purchasing these from Viamed.

Thankyou

Divya

Dear Divya Sharma

Thank you for your enquiry and please accept my reply on Sarah's behalf.

The sensor you require is the MAX-250TM:

MAX-250TM - 0110435 = USD \$84.25 each EXW

We currently have 19 available from stock, the balance would take approximately 4-6 weeks from receipt of order.

Please let me know if you would like to proceed with the order or if you have any questions.

Kind regards

Ryan
