Hi Sophie

Thanks for your reply, I could see we had placed an order in August but could not confirm if we had received it. I guess this is the order you refer to.

Clare is on leave, she normally orders these items.

Due to the shelf life of these items can you supply the first 50 asap and can we ask for end of November for the second order please.

Many thanks

Ross

Dear Ross,

Thank you for your Purchase Order.

I can see you have another order with us, with a requested delivery date mid October. I have spoken with my colleague who has advised that we should be able to deliver both your orders by then.

Going forward, the effects on the supply chain appear to be worsening. Therefore, if you can anticipate your foreseeable future requirements for sensors, then it may be prudent to place orders in advance.

If you have any questions please let me know.

Kind regards

Sophie Lines
