Subject: Re: Your enquiry regarding oxygen sensors

To: &lt;steve.hardaker@viamed.co.uk&gt;

Steve,

I would like to place an order for 50 only (Fifty) Oxygen Cells, Viamed Part No. 0110182 Type R-22AVG @ £19.25 ea + Vat + £10 delivery. I will try to sort out on line.

Regards,

Steve Webb,

Hi Steve,

Thank you for your enquiry. The bulk distributor pricing for the Teledyne R-22AV oxygen sensor is as follows (please note: price breaks are on a per-order, per product line basis i.e. not based on annual commitments or 'mix & match' across multiple sensors):

Part Number: 0110132 - Oxygen sensor R-22AV

- 50-off: £22.60+VAT
- 100-off: £21.20+VAT
- Carriage: £10.00+VAT

If you don't specifically need the Teledyne branded sensor, we can offer an alternative to the Teledyne R-22AV in the Viamed R-22AVG, which is lower cost and the same output specification:

Part Number: 0110182 - Oxygen sensor R-22AVG

- 50-off: £19.25+VAT
- 100-off: £17.75+VAT
- Carriage: £10.00+VAT

We usually keep sensors in stock in large volumes, however, lead-times are increased right now due to manufacturing delays caused by COVID-19. The good news is that manufacturing is rapidly catching up; we are clearing off existing customer orders and expect to be able to meet all new customer orders for either sensor by the end of October.

If you choose to purchase from us, when would you be requiring them and do you have an estimate of your quarterly or annual usage?

I will be working without email access until Friday, so if you need to move this forward before then, please email my colleagues on [sales@viamed.co.uk](mailto:sales@viamed.co.uk) otherwise I will catch up with you when I get back.

Regards,  
Steve
