Hi, Zoey,

We are struggling to get parts from our existing supplier, which will soon be impacting production. I have been asked if you would be able to fulfil a bigger order. We have ordered 10 of each R-22MED and OOMFL102 already. I have been asked for 200 of each – how soon would you be able to supply? Part shipments would be acceptable. Would it make a difference to the cost?

Regards,

Denzil

Can you send accounts the proforma invoice please Tim, I don't have it on this email chain and we'll need to pay before they ship.

I'll send a copy of the PO to Zoey shortly and cc you.

Kind regards

Amy
