TERMS AND CONDITIONS

GENERAL TERMS AND CONDITIONS OF PURCHASE

- Corporate - (Rev.June 23,2020)

1. Purchase Order Acceptance - Order of Precedence - Modification

This purchase order ("Purchase Order") is for the purchase of goods, services, or both as described on the face of this Purchase Order(collectively, "Goods") and is issued by the member of the Honeywell International Inc. group of companies identified on the face of this Purchase Order ("Honeywell"). This Purchase Order is deemed accepted when the supplier to which this Purchase Order is issued("Supplier") returns the acknowledgment copy of this Purchase Order or begins performing, whichever is earlier. Honeywell rejects any additional or inconsistent terms and conditions offered by Supplier at any time. Any reference to Supplier's quotation, bid, or proposal does not imply acceptance of any term, condition, or instruction contained in that document.

1.1. These terms and conditions together with the specifications, drawings, or other documents referred to on the face of this Purchase Order, or attached, or any documents incorporated by reference, supersede any prior or contemporaneous communications, representations, promises, or negotiations, whether oral or written, respecting the subject matter of this Purchase Order. All contract documents related to this Purchase Order are interpreted together as one agreement, but if there is an irreconcilable conflict among the provisions of those contract documents, the following order of precedence applies: a) any document executed by both Parties after execution of this Purchase Order that is expressly intended to amend or supersede the terms of this Purchase Order; b) contract documents signed by both Parties; c) the face of this Purchase Order and any supplemental terms included or incorporated by reference; then d) these general Purchase Order provisions. The exhibits, schedules and other attachments to this Purchase Order are incorporated by reference. This Purchase Order and any previously executed non-disclosure agreement (the obligations of which remain in effect) contains the entire agreement between the Parties and supersedes and replaces any prior or inconsistent agreements, negotiations, representations or promises, written or oral, between the Parties respecting the subject matter of this Purchase Order. Neither Party has relied on any promises, inducements, or representations by the other, except those expressly stated in this Purchase Order. No modification of this Purchase Order will be binding on either Party unless set forth in a writing signed by an authorized representative of both Parties specifically stating it is amending this Purchase Order. No course of dealing, prior dealings, usage of trade or course of performance will be used to modify, supplement or explain any terms used in this Purchase Order.

2. Delivery, Shipment and Packaging

2.1. Time is of the Essence: Supplier will deliver Goods in the quantities and on the date(s) specified on this Purchase Order or Purchase Order schedule releases. If delivery dates are not stated, Supplier will offer its best delivery date(s), which will be subject to acceptance by Honeywell. Unless otherwise directed, all Goods shipped in one day from and to a single location must be consolidated on one bill of lading or air waybill, as appropriate.

2.2. If the delivery schedule is endangered for any reason other than Honeywell's fault, then Supplier will, at its expense, deliver Goods by the most expeditious shipping method. Honeywell reserves the right to reject, at no expense to Honeywell, all or any part of any delivery that varies from the quantity authorized by Honeywell for shipment. Honeywell reserves the right to pursue additional remedies caused by late delivery, including but not limited to (i) incremental freight expenses incurred by Honeywell for shipments of Goods to Honeywell and for shipments of Goods or finished product containing or incorporating the Goods from Honeywell to any customer of Honeywell, and (ii) all liquidated damages payable by Honeywell as a result of any such late delivery. Supplier will not make any substitutions without Honeywell's prior written approval. All items will be packaged according to Honeywell's instructions or, if none, according to good commercial practice in a manner sufficient to ensure receipt in an undamaged condition. Honeywell will not be liable for any discharge, spill or other environmental incident (including clean-up costs) involving any Goods shipped under this Purchase Order unless caused by Honeywell and in no event until delivery to the destination designated by Honeywell. All containers will be properly marked for identification as instructed on Honeywell's Purchase Order and contain a packing slip that details, at a minimum, the Honeywell Purchase Order number(s), product part number, detailed product description, total number of boxes in shipment, quantity of product shipped, and final delivery address. Items shipped in advance of Honeywell's delivery schedule may be returned at Supplier's expense. For domestic shipments, if requested by Honeywell, and for all international shipments, Supplier will give notice of shipment to Honeywell when the Goods are delivered to a carrier for transportation. The Purchase Order number(s) must appear on all correspondence, shipping labels, and shipping documents, including all packing sheets, bills of lading and air waybills.

2.3. All Goods, unless specifically exempted by the destination country's governing authorities, must be marked with the country of origin (manufacture) of the Goods in a conspicuous place as legibly, indelibly, and permanently as the nature of the article or container permits.

2.4. Supplier will provide Honeywell with (a) the Harmonized Tariff Schedule number, country of origin information or certificates, manufacturer's affidavits, applicable free trade agreement ("FTA") certificates, and any other documents or information Honeywell may require to comply with international trade regulations or to lawfully minimize duties, taxes, and fees, and (b) FTA certificates for all Goods that qualify under one or more FTAs. Supplier will provide Honeywell all documents, records, and other supporting information necessary to substantiate the Goods' qualification under an FTA. Supplier will exert reasonable efforts to qualify the Goods under FTAs.

2.5. Within one business day after Supplier delivers the Goods to the carrier, Supplier will send Honeywell a complete set of shipping documents including the commercial invoice, packing list, and air waybill, or three original parts of the combined through-bill of lading, clean without notation, necessary to release the Goods to Honeywell's custody.

3. Notice of Delay

Supplier must immediately notify Honeywell in writing with all information relating to any delay or threatened delay of the timely performance of this Purchase Order. Supplier is responsible for all costs incurred by Honeywell resulting from Supplier's delay or missed delivery.

4. Excusable Delay (Force Majeure)

Neither Party will be in default for any delay or failure to perform due to causes beyond its control and without its fault or negligence and which are unforeseeable, but any delay or failure to perform caused by the default of a sub-tier supplier of Supplier will be excused only if (a) it is beyond the control of both Supplier and its sub-tier supplier(s) and without the fault or negligence of any of them, and (b) the Goods to be furnished cannot be obtained from other sources in sufficient time to permit Supplier to meet the delivery schedule. Supplier's ability to sell Goods at a more advantageous price, Supplier's economic hardship in buying materials or processing necessary for manufacture of the Goods, or labor disputes will not constitute an excusable delay event. The Party affected by an excusable delay will promptly provide written notice to the other, explaining in detail the full particulars and expected duration of the excusable delay, and will use its best efforts to mitigate the effects of the delay and remedy the delay if it can be remedied. If Supplier's delivery is delayed, Honeywell may, at Honeywell's sole option, cancel deliveries scheduled during the excusable delay period or elect to extend the period of performance to cover the period of delay caused by the excusable delay. If an excusable delay occurs that affects delivery of Goods to Honeywell, Supplier will allocate its available supply of Goods in a manner that assures Honeywell of at least the same proportion of Supplier's total output of Goods as was allocated to Honeywell before the excusable delay event. If delivery of any Goods is delayed for more than 30 days, Honeywell may, without liability, cancel all or any part of this Purchase Order.

5. Performance Assurance Plan

If Honeywell, in its sole discretion, determines there is a significant risk that Supplier will fail to meet its performance or delivery requirements under this Purchase Order, Honeywell may require Supplier to perform under a Honeywell or Honeywell -approved Performance Assurance Plan. The Performance Assurance Plan may include specific reporting and performance requirements reasonably tailored to ensure Supplier's adequate performance under identified provisions of this Purchase Order. Any failure by Supplier to satisfy the terms of the Performance Assurance Plan is a material breach of this Purchase Order.

6. Shipping Terms, Title and Risk of Loss

6.1. If the Goods will be transported from Supplier's location in the U.S. to Honeywell's location in the U.S., unless otherwise specified on the face of this Purchase Order or in a separate agreement, the F.O.B. (UCC terms) point is Honeywell's location. When the F.O.B. point is Supplier's U.S. location, Supplier bears all risk of loss or damage to the Goods and title passes to Honeywell upon delivery of the Goods to the carrier designated or approved by Honeywell. When the F.O.B. point is Honeywell's U.S. location, Supplier bears all risk of loss or damage to the Goods and title passes to Honeywell upon delivery of the Goods at Honeywell's location.

6.2. In all other cases, unless otherwise specified on the face of this Purchase Order or in a separate agreement, Supplier will deliver the Goods DAP (Incoterms 2020) at Honeywell's location. Title to Goods passes to Honeywell upon receipt at Honeywell's location.

6.3. The foregoing does not relieve Supplier of any responsibility for hidden damages discovered after acceptance of the Goods. Notwithstanding the foregoing, title and risk of loss to Goods subject to a consignment stock agreement pass upon release of the Goods from the consignment stock. Honeywell may direct Supplier to ship the Goods to Honeywell or to any third party designated by Honeywell.

7. Import/Customs Compliance

Supplier assumes all responsibility and liability for any shipments covered by this Purchase Order requiring any government import clearance. If government authorities declare or otherwise impose countervailing duties, antidumping duties, or retaliatory duties on the Goods imported under this Purchase Order, Honeywell reserves the right to terminate this Purchase Order in accordance with the Termination provisions of this Purchase Order. Supplier will be debited for any duties, fees, or freight incurred by Honeywell due to Supplier's failure to comply with the terms and conditions of this Purchase Order. This clause survives the termination or cancellation of this Purchase Order.

8. Drawback

All drawback of duties, and rights thereto, related to duties paid by Supplier or Honeywell when the Goods or any materials or components used in manufacturing of the Goods are imported will accrue to the exclusive benefit of Honeywell. Duty drawback rights include rights developed by substitution and duty drawback rights obtained from sub-tier suppliers related to the Goods. Supplier will provide Honeywell with all documents, records, and other supporting information necessary to obtain duty drawback, and will reasonably cooperate with Honeywell to obtain payment.

9. Offset

Supplier will assist Honeywell in obtaining credit from Supplier's government for the value of relevant Goods purchased to meet any presentor future contractual offer or industrial benefit requirements imposed upon Honeywell or its subsidiaries or affiliates. Assistance includes, but is not limited to, providing upon Honeywell's request evidence of the existence, value, content, and other pertinent information relating to the purchases. Honeywell reserves the right to claim these credits for itself or third parties. If Supplier awards any portion of the work in this Purchase Order to any lower-tier supplier, Supplier will assign to Honeywell any credits obtained from the lower-tier supplier's government relating to this transaction, and assist Honeywell in obtaining those credits.

10. Honeywell-Supplied Materials, Tooling, Equipment and Technical Data

10.1. Title to any material, tooling, equipment, and technical data that Honeywell pays for or provides to Supplier ("Honeywell Property") will remain or vest with Honeywell. Supplier will conspicuously label Honeywell Property as Honeywell Property, maintain it in good condition, keep written records of the Honeywell Property in its possession including the location of the property, will not allow any liens to be placed upon it, will not abandon Honeywell Property, prohibit any third party from using or taking possession of Honeywell Property and not change its location without prior written approval from Honeywell. Supplier is responsible for inspecting and determining that the Honeywell Property is in useable and acceptable condition.

10.2. Supplier will use Honeywell Property exclusively to fulfill Honeywell Purchase Orders unless otherwise authorized in writing by Honeywell's procurement representative. Honeywell Property is intended for use at the Supplier's site only or as otherwise authorized in writing by Honeywell's procurement representative and, to the extent applicable, is subject to U.S. and other government export or re-export requirements. Supplier is responsible for any loss, damage, or destruction of Honeywell Property and any loss, damage or destruction of any third-party property or personal injuries resulting from Supplier's negligent use of Honeywell Property. Supplier will not include the cost of any insurance for Honeywell Property in the prices charged under this Purchase Order. Supplier will return Honeywell Property or dispose of it at Honeywell's sole option as it directs in writing. Honeywell makes no representations and disclaims all warranties (express or implied) with respect to Honeywell Property.

11. Price

TERMS AND CONDITIONS

Supplier will furnish the Goods at the prices stated on the face of this Purchase Order. If prices are not stated on the face of this Purchase Order, Supplier will offer its lowest prices subject to written acceptance by Honeywell. Unless otherwise provided on the face of this Purchase Order, the prices include all packaging and freight to the specified delivery point; applicable taxes and other government charges including, but not limited to, all sales, use, or excise taxes; and all customs duties, fees, or charges that must be separately itemized on all Supplier invoices. To the extent that value added tax (or any equivalent tax) is properly chargeable on the supply to Honeywell of any Goods, Honeywell will pay the tax as an addition to payments otherwise due Supplier under this Purchase Order, if Supplier provides to Honeywell a value-added tax (or equivalent tax) invoice. To the extent Honeywell has not received from Supplier all applicable forms regarding compliance with applicable tax law, Honeywell reserves the right to deduct from any payment to Supplier pursuant to this Purchase Order those amounts that Honeywell, in its sole discretion, deems to be required to be withheld in order to comply with the tax laws of any applicable jurisdiction. Purchase Order prices are firm and not subject to adjustment due to duties, tariffs and custom fees imposed by any government entity.

12. Price: Most Favored Customer and Meet or Release

Supplier warrants that the prices charged for the Goods delivered under this Purchase Order are the lowest prices charged by Supplier for similar goods. If Supplier charges a lower price for similar goods, Supplier must notify Honeywell and apply that price to all Goods ordered under this Purchase Order. If at any time before full performance of this Purchase Order Honeywell notifies Supplier in writing that Honeywell has received a written offer from another supplier for similar goods at a price lower than the price set forth in this Purchase Order, Supplier must immediately meet the lower price for any undelivered Goods. If Supplier fails to meet the lower price, in addition to other rights or remedies, Honeywell, at its option may terminate the balance of this Purchase Order without liability.

13. Invoicing and Payment

After each shipment made or Service provided, Supplier will submit an invoice listing a description of the Goods provided and, as applicable, part numbers, quantity, unit of measure, hours, and the unit and total prices. Supplier must provide invoices no later than 90 days after provision of Goods to Honeywell otherwise Supplier waives its right to payment. This invoice must match the corresponding Purchase Order pricing, quantities, and terms, and must be sent to the bill to address listed on this Purchase Order. All applicable taxes and other Government charges including, but not limited to, sales, use, or excise taxes; value added tax, customs duties, fees, and all incidental charges including but not limited to royalties, selling commissions, nonrecurring engineering, or other incidental charges must be separately itemized and identified on the invoice. The invoice must also include the following information in English, or in the destination country's official language if required: (a) name and address of Supplier and the Honeywell entity purchasing the Goods; (b) name of shipper (if different from Supplier); (c) Honeywell's Purchase Order number(s); (d) country of export; (e) detailed description of the Goods; (f) Harmonized Tariff Schedule number; (g) country of origin (manufacture) of the Goods, or if multiple countries of origin, the country of origin of each part shipped; (h) weights of the Goods shipped; (i) currency in which the sale was made; (j) payment terms; (k) shipment terms used; and (l) all rebates or discounts. If an invoice does not comply with the above requirements or is exhausted (out of funds or paid in full), or the invoice contains quantities or prices greater than the ones reflected on this Purchase Order the invoice will be rejected back to Supplier. The invoice will be accompanied (if applicable) by a signed bill of lading or express receipt evidencing shipment. Payment of an invoice does not constitute acceptance of the Goods and is subject to appropriate adjustment should Supplier fail to meet the requirements of this Purchase Order. Payment terms are net 120 days from receipt of a correct invoice and conforming Goods unless otherwise stated on the face of this Purchase Order or other written agreement executed by both Parties; provided, however, that in the event that applicable law requires a payment terms period of shorter duration, payment terms shall be the maximum period allowed by applicable law. Invoices will not be approved unless they accurately reference conforming Goods received by Honeywell or services satisfactorily performed for Honeywell, as well as a valid Purchase Order number, supplier name and address, line description, quantity at line level, price at line level, withholding rates and/or amounts for applicable taxes. Payment will be scheduled for the first payment cycle following the net terms for this Purchase Order.

14. Setoff

Honeywell may deduct any amount owing from Supplier to Honeywell as a set off against any amount owing to Supplier under this Purchase Order.

15. Inspection

15.1. All Goods may be inspected and tested by Honeywell, its customers, higher-tier contractors, and end users at all reasonable times and places. If inspection or testing is made on Supplier's premises, Supplier will provide, without charge, all reasonable facilities and assistance required for the inspection and tests. Supplier's standard inspection and testing system must be approved by Honeywell in writing. All inspection and testing records, including sub-tier supplier records relating to the Goods, will be maintained by Supplier and made available to Honeywell during the performance of this Purchase Order, and for such longer periods if specified by Honeywell.

15.2. Final inspection and acceptance by Honeywell will be at destination unless otherwise specified in this Purchase Order. Honeywell may inspect all or a sample of Goods and may reject all or any portion of the Goods within 90 days of delivery if Honeywell determines the Goods to be defective or nonconforming. If Honeywell performs any inspection (other than the standard inspection) after discovering defective or nonconforming Goods, any additional inspection costs will be paid by Supplier. No inspection, tests, approval, design approval, or acceptance of the Goods relieves Supplier from responsibility for warranty or any defects, (latent or otherwise) fraud, or negligence. If Goods are defective or nonconforming, Honeywell may, by written notice to Supplier; a) rescind this Purchase Order as to the Goods; b) accept the Goods at an equitable reduction in price; or c) reject the Goods and require the delivery of replacements. Delivery of replacements will be accompanied by a written notice specifying that the Goods are replacements. If Supplier fails to deliver replacements promptly, Honeywell may (1) correct any retained defective or nonconforming Goods at Supplier's expense; (2) replace them with Goods from another supplier and charge the Supplier the cost thereof, including cover, and any incidental costs; or (3) terminate this Purchase Order for cause.

16. Warranty

16.1. Supplier warrants to Honeywell, its successors, assigns, customers, and end users that, during the entire Warranty Period specified below, all Goods furnished (including all replacement or corrected Goods or components): will be free from defects in material, workmanship, and design, even if the design has been approved by Honeywell; will conform to applicable drawings, designs, quality control plans, specifications and samples and other descriptions furnished or specified by Honeywell; will be merchantable; be fit for the intended purposes and operate as intended; will comply with all laws; will be free and clear of any and all liens or other encumbrances; will not infringe any patent, published patent application, or other intellectual property rights of any third party; and will not utilize misappropriated third party trade secret information. Goods that do not meet the preceding standards are collectively called "nonconforming Goods." Services will be performed in accordance with the highest standards in the industry.

16.2. The Warranty Period is 36 months from the date of delivery to the end user or such longer period of time as may have been accepted by Honeywell from Honeywell's customer or on which any longer government requirement covering the Goods ends. These warranties survive delivery, inspection, acceptance, and payment by Honeywell. Claims for breach of warranty do not accrue until discovery of nonconforming Goods, even if the Goods were previously inspected. Any applicable statute of limitations runs from the date of discovery. Honeywell may, at its election, have the nonconforming Goods repaired, replaced, or corrected at Supplier's expense. Supplier is responsible for the costs of repair, replacing or correcting nonconforming Goods, and for all related costs, expenses and damages including, without limitation, the costs of removal, disassembly, failure analysis, fault isolation, reinstallation, re-inspection, and retrofit of the nonconforming Goods or of Honeywell's affected end-product; all freight charges; all customer charges; and all corrective action costs. Unless set off by Honeywell, Supplier will reimburse Honeywell for all these costs upon receipt of Honeywell's invoice. The warranties and rights provided are cumulative and in addition to any warranty provided by law or equity.

16.3. If, following delivery, Goods exhibit a substantially similar repetitive root cause, failure mode or defect indicating a common or systemic failure ("Epidemic Failure"), then, without prejudice to Honeywell's rights under Section 23: (a) the party discovering the failure will promptly notify the other and Supplier will provide to Honeywell a preliminary plan for problem diagnosis within one business day of such notification, which plan Supplier will revise at Honeywell's request; (b) Supplier and Honeywell will diagnose the problem, plan an initial work-around and effect a permanent solution; (c) Supplier and Honeywell will agree on a plan for customer notification, replacement scheduling and remediation, including identification of suspect population, field removal, return and reinstallation, work in process ("WIP"), inventory replacement, and repair, or retrofitting, regardless of location or status of WIP completion; and (d) Supplier is responsible for all costs and damages associated with any Epidemic Failure. Honeywell and Supplier will work together in good faith to establish and expeditiously implement an Epidemic Failure action plan. If Supplier or any of its component suppliers initiate any Product or component recalls, retrofits, or service bulletins that affect Product quality, Supplier will immediately communicate this information to Honeywell.

16.4. No part of any software, deliverables, or Goods delivered by Supplier under this Purchase Order will contain any software or component licensed or obtained under any Open Source licensing program. "Open Source" means any software or other material that is distributed as "free software", "open source software" or under a similar licensing or distribution model (including but not limited to the GNU General Public License (GPL), GNU Lesser General Public License (LGPL), Mozilla Public License (MPL), and the Apache License) If Supplier uses Open Source in any software, deliverable, or Goods, Supplier must first seek written approval from Honeywell and if approved, Supplier must identify each Open Source item along with the applicable license terms. For any such approved Open Source, Supplier represents that (a) Supplier is in compliance with the terms and conditions of all applicable licenses for Open Source, and (b) Honeywell's use of such Open Source (i) will not adversely impact Honeywell's proprietary software, (ii) will not require Honeywell to make available the source code for any Honeywell proprietary software, and (iii) will not prohibit or limit Honeywell from charging a fee in connection with sublicensing or distributing the software.

16.5. Goods covered by this Purchase Order will comply with all applicable treaties, laws, regulations of the place of manufacture and Canadian, European Union and U.S. state and federal laws, regulations and standards, (a) concerning the importation, sale, design, manufacture, packaging and labeling of its Goods, (b) regulating the sale of Goods, and (c) relating to the environment and/or the toxic or hazardous nature of Goods or their constituents, including (without limitation) the U.S. Toxic Substances Act, the U.S. Occupational Safety and Health Act, the U.S. Hazardous Communication Standard, the Federal Hazardous Substances Act, the California Proposition 65, European ROHS standards, and other current and subsequently applicable requirements; and Supplier agrees that it shall furnish promptly on request and provide all information and certifications evidencing compliance with such laws, regulations, standards and requirements.

17. Changes

Honeywell may, by written or electronic notification, direct changes in the drawings, designs, specifications, method of shipment or packing, quantity, or time or place of delivery of the Goods; reschedule the services; or require additional or diminished services. Only authorized Honeywell procurement representatives may issue changes to this Purchase Order. If any change causes an increase or decrease in the cost of, or the time required for, performing this Purchase Order, an equitable adjustment will be made in the Purchase Order price, delivery dates or both, and this Purchase Order will be modified in writing or electronically accordingly. Any claim for adjustment under this provision may, at Honeywell's option, be deemed to be waived unless asserted in writing (including the amount of the claim and adequate supporting documentation) and delivered to Honeywell within 30 days from the date of the receipt by Supplier of the Honeywell-directed change to this Purchase Order. If Honeywell compensates Supplier for property made obsolete or excess by a change, Honeywell may prescribe the manner of disposition of the property. Notwithstanding any disagreement between the Parties regarding the impact of a change, Supplier will proceed diligently with its performance under this Purchase Order pending resolution of the disagreement.

18. Design and Process Changes

18.1. Supplier will make no changes in the design, materials, manufacturing location, manufacturing equipment, production process, changes between a manual and automated process, or any other processes related to the Goods specified in this Purchase Order or documents referenced in it, or if none, those in place when this Purchase Order is issued, without the advance written approval of Honeywell's procurement representative. This requirement applies whether or not the change affects costs and regardless of the type of change, including product improvements. Supplier will notify Honeywell of any such potential changes promptly as it becomes aware of them.

18.2. To request approval to change a manufacturing location or subcontracting of process required to manufacture the Goods, Supplier must provide Honeywell with a plan at least 180 days prior to the proposed start date of implementing such change in the manufacturing location or subcontracting of processes required for the Goods. Any such plan is subject to Honeywell's written approval, and must result in a reduction in the prices charged by Supplier to Honeywell for Goods, and must demonstrate that Supplier has taken all necessary actions to avoid negative impacts to Honeywell, including, but not limited to, maintaining additional inventory, overlapping production schedules, etc. Such price reductions will be agreed to by Supplier and Honeywell prior to implementation.

18.3. Supplier will be responsible for any and all of Honeywell's costs incurred as a result of changes implemented by Supplier including but not limited to all customer charges; all labor costs, including engineering costs, travel and lodging; all costs to transition to an alternative source of supply; redesign and/or recertification; and all corrective action.

18.4. Supplier will flow down this requirement in all its subcontracts and purchase orders for purchased goods or process-related services required for the Goods, whether such Goods are supplied to Supplier as an end item, a component part of an end item, or an individual piece part.

19. Stop Work

TERMS AND CONDITIONS

At any time by written notice and at no cost, Honeywell may require Supplier to stop all or any part of the work under this Purchase Order for up to 120 days ("**Stop Work Order**"), and for any further periods mutually agreed. Immediately upon receipt of a Stop-Work Order, Supplier will comply with its terms. At any time Honeywell may, in whole or in part, either cancel the Stop Work Order or terminate the work under the Termination section of this Purchase Order. To the extent the Stop Work Order is canceled or expires, Supplier must immediately resume work.

20. Termination

20.1. The non-breaching Party may terminate this Purchase Order if the other Party commits a material breach and fails to remedy the breach within 30 days following receipt of written notice specifying the grounds for the breach, except in the case of breach related to safety, health, or security, or any misuse or disclosure of Honeywell's intellectual property rights or Confidential Information, Honeywell will have the right to immediately terminate the Order. A material breach includes, but is not limited to, late delivery or delivery of nonconforming Goods. If Supplier breaches its obligations to Honeywell and Honeywell terminates this Purchase Order in whole or in part, Honeywell may charge Supplier for any additional cost it incurs in performing Supplier's obligations or in having such obligations performed by a third party. The solvent Party may terminate this Purchase Order upon written notice if the other Party becomes insolvent or if any petition is filed or proceedings commenced by or against that Party relating to bankruptcy, receivership, reorganization, or assignment for the benefit of creditors. If a termination by Honeywell for breach by Supplier is determined to have lacked cause, such termination will be treated as a termination without cause under 20.2 below.

20.2. Notwithstanding any firm time period or quantity on the face of this Purchase Order, Honeywell may terminate this Purchase Order in whole or in part at any time with or without cause for undelivered Goods or unperformed services upon 10 days' prior written notice.

20.3. If Honeywell terminates this Purchase Order under 20.1 or 20.2 above, Honeywell's sole liability to Supplier, and Supplier's sole and exclusive remedy, is payment for Goods received and accepted by Honeywell before the date of termination. The payment can be set off against any damages to Honeywell. Upon termination, Honeywell may require Supplier to transfer title and deliver to Honeywell any completed Goods and Honeywell will pay the Purchase Order price for those Goods subject to set off against any damages to Honeywell. Honeywell may also require Supplier to transfer title and deliver to Honeywell any or all property produced or procured by Supplier to perform this Purchase Order. Honeywell will credit Supplier with the reasonable value of the property, but not more than Supplier's actual cost or the Purchase Order value, whichever is less.

20.4. To the extent that any portion of this Purchase Order is not terminated under 20.1 or 20.2 above, Supplier will continue performing that portion.

21. Cessation of Production

If production of any Good is to be discontinued or suspended within 1 year after final delivery under this Purchase Order, Supplier must give Honeywell as much prior written notice as commercially reasonable of the discontinuance or suspension. For at least 180 days from the discontinuance or suspension, Supplier must accept orders from Honeywell for the Good at the price and on the terms of this Purchase Order.

22. Buy Honeywell

Supplier will use commercially reasonable efforts to utilize Honeywell products and services in the fulfillment of this Purchase Order. Upon Honeywell's request, the Parties will mutually agree on the establishment of reasonable metrics for the utilization of Honeywell products and services.

23. General Indemnification

Supplier will, at its expense, defend, hold harmless and indemnify Honeywell and its subsidiaries, affiliates, and agents, and their respective officers, directors, shareholders, employees, and customers (collectively "**Indemnitees**") from and against any and all loss, cost, damage, claim, or liability, including reasonable attorney and professional fees and costs, and the cost of settlement, compromise, judgment, or verdict ("**Loss**") incurred by or demanded of an Indemnitee arising out of, resulting from or occurring in connection with Supplier's Goods or the performance of the Goods by Supplier or its personnel (including any employment-related Loss arising out of, resulting from or occurring in connection with the performance), the acts, omissions, negligence or willful misconduct of Supplier or its personnel, Supplier's breach of the terms of this Purchase Order, or any theft or other misappropriation of Honeywell's or its personnel's information, property or funds by Supplier or its personnel. Indemnitee may participate in the defense or negotiations to protect its interests. Supplier will not enter into any settlement or compromise without Honeywell's prior written consent, which will not be unreasonably withheld. Supplier's indemnification includes claims between the Parties including legal fees. If Honeywell is obligated to pay any Loss or any damages pursuant to its contract with a customer, then Supplier will be liable for such Loss or any damages to the extent Supplier causes or contributes to such Loss or any damages. Nothing in this Section limits Honeywell's right to claim all actual damages sustained by Honeywell as a result of Supplier-caused delays.

24. Intellectual Property Indemnification

For Goods provided under this Purchase Order, Supplier will, at its expense, defend and indemnify Honeywell Indemnitees (as defined above) from and against any and all Loss (as defined above) incurred by or demanded of Indemnitee arising out of, or relating to any alleged or actual: (a) patent, copyright, or trademark infringement; (b) unlawful disclosure, use, or misappropriation of a trade secret; or (c) violation of any other third-party intellectual property right, and from expenses incurred by Indemnitee in defense of such suit, claim, or proceeding if Supplier does not undertake the defense thereof.
