Dear Kate,

It is ok if you amend the original one. It is ok for our accounts. We prefer to have one single invoice.... and please try to deliver the goods earlier because our clients need the sensors asap...at least

Thank you!

Hi Claudia,

Thank you for your reply. Would you like me to **amend the original or send a new one**? From my point of view I think it is easier for me to amend, but I don't know if that would cause difficulties with your accounts.

We are expecting the flow sensors in the next few weeks and the oxygen sensors are currently in stock.

Kind regards

Kate Griffiths

Good afternoon Claudia,

Ryan has confirmed that you require the R-41V, 0110041. These cost €32 each. As you have paid for the proforma invoice you would like to add to, I would need to add the cost of €64 to your next order. The carriage charge difference would be less than €1 so we would not charge for that.

Please let me know if this is acceptable to you and whether you would like me to add these 2 x 0110041. Thank you.

Kind regards

Kate Griffiths
