Hello Ryan,

Thank you for the great service. If you could add an R33S1 sensor that would be great and of course I'll cover the shipping costs.

Vriendelijke groeten, best regards,

Martijn Blommaert

Onderwerp: Repaired TEK-OX

Hi Martijn

I hope you are well.

I am pleased to inform you that we have repaired the TEK-OX analyser you returned. Some internal contacts have been cleaned, the damaged front case has been replaced and new batteries fitted. It has been tested and is now working correctly.

We would be happy to consider the repair a good will gesture, but there will be some return postage costs. Should we post it back on it's own or do you have any requirements for any other items?

We will await your reply.

Best regards

Ryan
