No problem Michael, thank you for the new order.

Regards

Steve

Good evening Steve,

I need 20 more sensors. Can you put this order into production and deliver it to me as soon as possible. I apologize for not being able to better predict my orders. This is really not obvious for a society on the rise and dealing with COVID.

Looking forward to your response, best regards.

Objet : Re: MD Systems question for a new order

Good evening Michael

There are so many factors involved at the moment with COVID that we are not in a position to guarantee a particular short term delivery date. I don't think that anyone can.

However, at the moment we are currently delivering to our normal schedules. Please be aware that many OEMs are placing advance orders for delivery during Q1 and Q2.

How many sensors are you looking for and for which delivery date?

Regards

Steve
