Dear Sarah,

Ok good idea. You can increase the value of the R-23V to be \$46.78 per unit to cover the cost of the MAX-55E.

Thank you.

Dear Nadia,

Are you wanting the MAX-550E listing on the invoice MVM127384 (sample for evaluation) but at zero value? We can increase the value of the R-23V to be \$46.78 per unit to cover the cost of the MAX-55E and that way we have traceability of the sensor which is required.

Kind regards

Sarah Walton

Dear Sarah,

Sorry for my late reply.

Ok, we will prepare the payment in advance asap.

Since the Maxtec oxygen sensor MAX-550E is not registered yet by our Health Ministry, we ask you pls to delete it from the PI and to include its price by dispatching it to the others items. The total amount will be the same : 7398,50 €.

Once you get the payment , we will pick-up the MAX-550E partially as a sample at our charge (invoice without commercial value).

So, we ask you pls to revise the PI as requested to confirm and to prepare the TT payment.

Thank you.
