Good morning Kate,

Thank you for the info.  
I want to order 6 of the 0111002 UFO 130-2 PCB.

The one that you have in stock, I would like to have soonest.

Please send me an invoice for the total, and I take care of the payment.

Thank you,  
Tjeu

Hi Tjeu,

Thank you for your reply. The part number for the UFO 130-2 PCB is 0111002. The price is €275 each EXW.

We currently have only one in stock.

Please let me know if you require a proforma invoice or if I can be of any further assistance.

Many thanks.

Kind regards

Kate Griffiths

Good afternoon Kate, thank you for taking care of course, I appreciate.

Sorry I was not precise enough; it is for UFO-130-2.

The type like ordered last time in December.

Best regards,

Tjeu

Good afternoon Tjeu.

Thank you for your email. Please accept my reply on behalf of Sophie.

Are you able to tell me if you require the PCB boards for the **UFO-130 or UFO-130-2** please? I can then ensure I give you the correct information. Both models are mentioned in your email.

I can see that your recent purchase was for the UFO-130-2, but I would like to double check.

Many thanks.

Kind regards

Kate Griffiths

Subject: PCB board for UFO 130-2 O2 Sensor  
To: <[sophie.lines@viamed.co.uk](mailto:sophie.lines@viamed.co.uk)>

Dear Sophie,

The New Year, hope all is well for you in the UK, wish you all the best.

I have a new request: I need some PCB boards for the UFO 130.  
I only have the picture, not a part number. Can you provide me with that?

I would need 6

Thank you and best regards,  
Tjeu

Good morning Tjeu.

It would be more expensive to part ship your order as it would involve two lots of carriage. One lot of carriage for the first PCB and one lot for the remaining five.

The lead time from the date of payment received may be up to five weeks for the remaining five.

The carriage for 6 x 0111002 would be €19.55 x 2.

I have attached the proforma invoice, please let me know if you would like any changes to be made.

Many thanks.

Kind regards

Kate Griffiths
