Yes, they are in stock. We would ship upon receipt of your payment. I will email you a proforma invoice later today.

Kind regards

Kate Griffiths

Please note: Viamed is now enacting a coronavirus contingency plan to allow sales and admin staff to work from home, and I am now working remotely. Telephone calls to the main office will not be answered, but emails will. Orders may take longer to process but we aim to continue to operate and serve our customers as best we can.

Hi Kate,

I understood from your email that the sensors are in stock?

Yes, that is our address and the postcode for that address is W26BD, and we will require 5 sensors.

Thank you

Salah

Good afternoon Salah,

As you are a new customer, I would need to issue you with a proforma invoice. In order to do so, I need to create an account for you.

Should I use the address as follows for both the invoice and delivery address please?

KBM Medi-Tech Limited, Suite 666, Floor 6th, Two Kingdom Street, Sheldon Square, Paddington.

Upon receipt of your payment, I would process your proforma invoice to an order and our warehouse would ship as soon as possible.

Please let me know if you require a proforma invoice, if you do, how many sensors would you require please?

Thank you.

Kind regards

Kate Griffiths

Dear Kate,

I hope you are well,

Are these sensors available for immediate dispatch and how long does it take usually to be delivered to our office in London.

Kind regards,

Salah

Good afternoon Salah,

The price breaks for item 0110022, R-22MED are as follows:

1 = £ 42.00 each	2 = £ 38.00 each	3-10 = £ 36.00 each	11 or more = £ 34.00 each.
------------------	------------------	---------------------	----------------------------

Carriage is free for medical oxygen sensors to the UK and all prices are excluding VAT.

I can confirm this is one of the sensors suitable for the Aeonmed VG70.

Please let me know if I can be of any further assistance.

Kind regards

Kate Griffiths

Dear Sirs,

I hope my email finds you well,

Kindly please quote us for the R-22MED Oxygen Sensor and also please confirm if this sensor is compatible with Aeonmed VG70 ventilator.

Kind regards,

Salah
